former have lesen rapidly increasing, the latter have a rapidly fallen away. The followers of Mahomet endeavored to spread his arreed by the massacre of about 1,000 of its linhabitants. No man of ordinary feelings could read such dreadful to make proselytes by appeals to the reason only. The Moslem has a thing to be despised, but the Christian has a thing to be despised, but the Christian has regarded the Moslem as one to be brought by reason into a belief in the true faith. The fire and sword of the Moslem have often told fearfully upon the Moslem have often told fearfully upon the sword of the Christian town of Zaleh, and the massacre of about 1,000 of its linhabitants. No man of ordinary feelings could read such dreadful attacks, and saturday last was made a day memorable in the history of this and the surrounding counties, rendered so by the presence of thousands of the Conno. Although the time was limited in which to make the preparations, the energy which enthusiasm in a true one absumed to the preparations, the energy which enthusiasm in the massacre of about 1,000 of its linhabitants. No man of ordinary feelings could read such dreadful attacks, and saturday last was made a day memorable in the history of this and the surrounding counties, rendered so by the presence of thousands of the Christian town of Zaleh, and the massacre of about 1,000 of its linhabitants. No man of ordinary feelings could read such dreadful attacks, and saturday last was made a day memorable in the history of this and the surrounding counties, rendered so by the presence of thousands of the Christian, but the Christian, but trave and was gives broke through at a true ones always gives broke through at the presence of thousands of the Christian town of the Christian town of the Christian town which make given and the massacreed and such dreadful to the presence of thousands of the Christian town of the Chr

armers to purchase their stock from the drovers and hatter makers, buying heifers during the fill or winter before they came into milk, and always obtaining the best specimens to be found, some of these proved excellent milkers, others not so, and were threed away for beefto not so, and were threed away for beefto height for the sexeration and he word has gone of such a nature as should excite the execration forth that the "giaour" must be crushed, and should excite the execration of their civilized wild. In Bosnia more than 3,000 controllers the crushed, and should excite the execration of the civilized wild. The sould remain the prisons, where most of them will meet death by prison. In one single district (that of Sarajivo) rhaps at a lower figure than at first. In their blood. The recent accounts from Turkey el- show under what restrictions the Christian subjects of the Sultan are placed; but those lile, the poor persecuted creatures have crossed and it has also become established, that to be sure of good cows, they must be obtained from some fixed breed. It is too nneertain to breed cows from a mixed race, and this leads to a consideration of the best breeds for a good in Syria, is one which makes the blood boil. committed upon the unoffcuding Christians have hoped to find it in the Austrian dominions, in Syria, is one which makes the blood boil, have found it only on condition that they become in Syria, is one which makes the blood boil, The various families of the Short-Horns and shows how desperate are the dying agomake noble cattle; but the coses, says our author, "do not yield milk in proportion to their size and the cost of keeping." The Decons are in the dying in the cost of keeping. The Decons are in the dying in the cost of keeping. The Decons are in the dying in Syria, is one which makes the blood boil, and some distribution and shows how desperate are the dying agonies of the Islamism. Village apan village is pillaged, women violated, and men and chilled and the cost of keeping. The Decons and the been arising the been arising the pillaged, women with the cost of keeping. The Decons are in the dying agonies of the Islamism. Village apan village is pillaged, women violated, and men and chillage is and the cost of keeping. The Decons are in the dying agonies of the Islamism. Village apan village is and state of the Union to stand. The molified was feel, and women have been dishonored; In every case, we have been dishonored. In every case, we have been dishonored in the cost of keeping. The Decons are fastilities and last. We have been dishonored in the cost of keeping. The Decons are fastilities and last women have been dishonored. In every case, we may be a constant to have been are in the dying agonies of the Islamism. Village apan village is not builting for the cost of the second blood and women and chillage and the cost of keeping. The Decons are fastilities and the cost of keeping and the cost of keeping and the cost of keeping. The Decons are fastilities and the cost of keeping and the cost of keeping. The proposition to their fulldecons the cost of keeping and the co make noble cattle; but the cows, says our author, "do not yield milk in proportion to their are and the cost of keeping." The Devons and in the cost of keeping. The Devons and in the cost of keeping. The Devons are a beautiful breed, hardy, spirited, and kind in the cost of keeping. The Devons are a beautiful breed, hardy, spirited, and kind in the cost of keeping. The Devons are a beautiful breed, hardy, spirited, and kind in the cost of keeping. The Devons are suddenly abandoned to troops of savages intrinsed by the double motive of fanatleism and lust! Men have been alain in cold blood and women have been dishonored! In every case, death seems to have followed dishonor. A few of the most beautiful women and girls were carried off to grace the harems of the Turkish officers!

But we have no heart to record more minutely or extensively these shocking atrocities. As the rather to take on fiesh under such carried to the authorities whose duty it was to protect them; but they appeal in vain—for they are on the side of the persecutors. The Devons are fastilities of the most beautiful women and girls were carried off to grace the harems of the Turkish officers!

But we have no heart to record more minutely or extensively these shocking atrocities. As the rather to secrete more milk."

During the past few years the Ayrshire hreed has attracted the notice of milk farmers, and they are believed to possess more points of a good mile cow than any other breed. One important consideration is found in the fact, that, if kept in high condition, they increased the most condition of the protection, and last. Hen have been alain in cold blood and and ust! Men have been dishonored! In every case, death seems to have followed dishonor. A few of the most beautiful women and girls were carried off to grace the harms of the Turkish officers!

But we have no heart to record more minutely or extensively these shocking atrocities. As the rather to be a fastility of the most beautiful women and girls were carried off to grace the harms

the farm, or for the milk raisers, they will never become favorites.

From repeated trials and efforts to select the best cows for milk, the farmers of Middlesex county who make milk raising a special basiness, have found the Ayrshires the best breed for their purpose. It is often imagined by farmers that they can produce or find a breed, that for all the purposes of work, beef, milk, and breeding will leave nothing to be desired.

Active intervention manner—that she should protect them in all their can alone compel the Turks to extend to the civil and religious rights. If she should fail to cases, the truest Mohammeduns. France and England have remonstrated, but remonstrance will probably amount to nothing. Something more than this is needed. Active intervention manner—that she should protect them in all their can alone compel the Turks to extend to the a breed is an absolute impossibility.

Obristian the same protection as is given to the part of the do this, either from want of power or disposition, then she must be compelled, by the military octrosults, but that these different qual. lie attempts in this direction will lead to very aportant results, but that these different qualities in all their excellencies will ever be united a one breed is nucertain, to say the least. In reeding cattle, our farmers can learn much stood by the Turk, and what protection was given by Russia to the Christian subjects of the tyrishire breeders do not allow their stock to Ayrshire breeders do not allow their stock to breed intil they have reached an age when defects will be seen in the animal, if they exist at all; and if a heifer or bull have attained the

all; and if a heifer or bull have attained the be promises fair, but as he is not forced by cruelties to be perpetrated in this age, when the the Turk. Christendom will cry aloud for sat- We have no doubt that our government will d specimens; and certainly no farmer who sent. Her design has been to wait for the sees stock for his own use, should subject need to the loss that will surely result from the course."
